

GENERAL & AVIATION ENGLISH LANGUAGE MASTERCLASS

Course Summary

Master both General and Aviation English with our comprehensive course. Dive deep into everyday language skills and the specific terminologies vital for aviation. Tailored to meet ICAO's six assessment categories, ensure proficiency in the air and on the ground.

There are two main components to this course: General English & Aviation English. The first component gives candidates the opportunity to improve their language skills in a wider context. The second component of this course hones language skills in the specific context of aviation.

The objectives of both course components overlap with the core aim of attaining and maintaining the language proficiency defined as ICAO Operational level 4.
